

The Northwest Regional Drug & Alcohol Task Force

The NWRDATF is a multi-agency body established in 2003 under the National Drugs Strategy (NDS) to research, develop and implement a co-ordinated approach to drug and alcohol misuse in Sligo, Leitrim, Donegal and parts of Cavan.

The NWRDATF is comprised of local representatives from statutory and voluntary bodies in the region, as well as public, governmental and community representatives. The overall strategic objective for the NWRDATF is to continue to tackle the harm caused by individuals and society by the misuse of drugs through a concerted focus on the five pillars of supply reduction, prevention, treatment, rehabilitation and research.
