

Northwest Regional
Drug & Alcohol Task Force

Drug, Types Harms and Effects Training Workshop

Workshop is aimed at providing information for those who work with clients at risk from using drugs and alcohol.

Workshop will refresh and update participants knowledge on the range of psychoactive substances and the impact of these substances on the brain and body. It will enable participants to identify signs and symptoms of alcohol and drug misuse as well as providing participants with information on early interventions and referral pathways.

TRAINING WORKSHOP

Date 1st of October 2013

**Venue : North West Regional Drug Task Force Office
Sligo Development Centre, Cleveragh Road Sligo**

Time: 10.00am-1.00pm
